

# aris drosos

UX & GAME DESIGNER

## ABOUT ME

I love the process of researching and prototyping before I begin composing a design. I am always after an engaging, elegant and when possible, minimalistic design, scrutinizing every little aspect of it while being able to reiterate. Design is my passion and I would welcome any opportunity that would allow me to become an expert on it.

## EDUCATION

BSc Computer Games Design  
University of Bolton

A-Levels  
Manchester College

## INTERESTS

Dogs, the X-Files, Basketball,  
WW2, the Universe, Augmented  
Reality, the Japanese language

## WORK EXPERIENCE

### Balliland 2: Twilight Spell

Lead Designer

2015

The development team was consisted of one programmer, one artist and me and we worked remotely for one year.

The final product really pleased us and blew away our client. We learnt a ton in the process since we had to work on aspects beyond our fields of expertise.

### Excellence

Designer

2014

Excellence was a shoot 'em up game for the PS Vita that we ceased the production of when we were offered the opportunity to develop Balliland 2.

### Big Fish Games

QA tester

2013

- Vesuvia
- Dream Day Wedding
- Dying for Daylight

### Open.gr

intern

2012

Technopolis is a company that develops websites for some of the biggest companies in Greece.
